

## Non-standard Subspecialty Disciplines Recognized for the Purpose of J-1 Visa Sponsorship

### **Cardiovascular Disease**

Advanced Cardiovascular Disease (Academic/Research Track)  
Advanced Catheterization (Academic/Research Track)  
Cardiac Arrhythmia  
Cardiac Critical Care  
Advanced Cardiac Electrophysiology  
Cardiac Imaging (Including Cardiac CT/MRI)  
Cardiac Pacemakers and Pacing  
Cardiac Rehabilitation  
Congenital Heart Disease in Adults  
Diagnostic Cardiovascular Disease  
Echocardiography  
Geriatric Cardiology  
Heart Failure  
Non-Invasive Cardiology  
Nuclear Cardiology  
Preventive Cardiology  
Transplantation Cardiology  
Vascular Brachytherapy  
Vascular Diagnostic and Interventional

### **Endocrinology, Diabetes, and Metabolism**

Advanced Endocrinology, Diabetes, and Metabolism (Academic/Research Track)  
Clinical Nutrition  
Diabetes Mellitus  
Geriatric Endocrinology  
Hypertension  
Nutrition and Metabolic Disease  
Osteoporosis  
Pituitary Diseases  
Polycystic Ovarian Syndrome  
Pre-Diabetes (Metabolic Syndrome)  
Reproductive Endocrinology

### **Gastroenterology**

Advanced Gastroenterology (Academic/Research Track)  
Endoscopic Ultrasonography  
Endoscopy (ERCP)  
Esophageal Diseases  
Gastrointestinal Motility  
Gastrointestinal Nutrition  
Geriatric Gastroenterology  
Hepatology  
Inflammatory Bowel Disease  
Transplantation Gastroenterology  
Transplant Hepatology

### **General Internal Medicine**

Academic General Internal Medicine  
Advanced Training in Hospital Medicine  
Ambulatory Care  
Clinical Education  
Clinical Epidemiology  
Clinical Pharmacology  
Consultation Medicine in Pregnancy  
Evidence-Based Medicine  
Genetics in Internal Medicine  
Geographic Medicine  
Health Services (Outcome) Research  
Hospice and Palliative Medicine  
Primary Care Medicine  
Psychosocial Medicine  
Sleep Medicine

### **Geriatric Medicine**

Advanced Geriatric Medicine (Academic/Research Track)  
Dementia  
Geriatric Neurology  
Hospice and Palliative Medicine  
Osteoporosis  
Rehabilitation Geriatrics

### **Hematology and Oncology**

Advanced Hematology and Oncology (Academic/Research Track)  
Blood and Marrow Transplantation  
Bone Marrow Transplantation  
Cancer Genetics  
Coagulation Medicine  
Genito-Urinary Oncology  
Geriatric Hematology & Oncology  
Hospice and Palliative Medicine  
Interdisciplinary Breast Cancer  
Leukemia  
Oncology in Gastroenterology  
Oncology in Pulmonary Medicine  
Sickle Cell Disease  
Stem Cell Replacement  
Transplantation Hematology – Oncology

### **Infectious Diseases**

Advanced Infectious Diseases (Academic/Research Track)  
Clinical Microbiology  
Clinical Epidemiology  
Geriatric Infectious Diseases  
HIV and AIDS  
Immunotherapy  
Transplantation Infectious Disease  
Tuberculosis and Pulmonary Infections

### **Nephrology**

Advanced Nephrology (Academic/Research Track)  
Geriatric Nephrology  
Hypertension Nephrology

Interventional Nephrology  
Renal Imaging  
Renal Genetics  
Transplantation Nephrology

**Pulmonary Disease and Critical Care Medicine**

Advanced Pulmonary Disease and Critical Care Medicine (Academic Research Track)  
Genetic Pulmonary Disease  
Geriatric Pulmonary Disease  
Heart-Lung Transplantation  
Interventional Pulmonology  
Lung Transplantation  
Neurocritical Care and Stroke  
Pulmonary Vascular Disease  
Sleep Medicine  
Vascular Medicine

**Rheumatology**

Advanced Rheumatology (Academic/Research Track)  
Genetic Musculoskeletal Disease  
Geriatric Rheumatology  
Inflammatory Muscle Disease  
Rheumatology/Allergy and Immunology  
Spinal Disease  
Systemic Lupus Erythematosus
