

Non-standard Subspecialty Disciplines Recognized for the Purpose of J-1 Visa Sponsorship

Cardiovascular Disease

Advanced Cardiac Electrophysiology
Advanced Cardiovascular Disease (Academic/Research Track)
Advanced Catheterization (Academic/Research Track)
Advanced Heart Failure and Transplant Cardiology (Academic/Research Track)
Cardiac Arrhythmia
Cardiac Critical Care
Cardiac Imaging (Including Cardiac CT/MRI)
Cardiac Pacemakers and Pacing
Cardiac Rehabilitation
Cardiac Transplantation
Congenital Heart Disease in Adults
Diagnostic Cardiovascular Disease
Echocardiography
Geriatric Cardiology
Heart Failure
Non-Invasive Cardiology
Nuclear Cardiology
Preventive Cardiology
Vascular Brachytherapy
Vascular Diagnostic and Interventional

Endocrinology, Diabetes, and Metabolism

Advanced Endocrinology, Diabetes, and Metabolism (Academic/Research Track)
Clinical Nutrition
Diabetes Mellitus
Geriatric Endocrinology
Hypertension
Nutrition and Metabolic Disease
Osteoporosis
Pituitary Diseases
Polycystic Ovarian Syndrome
Pre-Diabetes (Metabolic Syndrome)
Reproductive Endocrinology

Gastroenterology

Advanced Gastroenterology (Academic/Research Track)
Advanced Transplant Hepatology (Academic/Research Track)
Endoscopic Ultrasonography
Endoscopy (ERCP)
Esophageal Diseases
Gastrointestinal Motility

Gastrointestinal Nutrition
Geriatric Gastroenterology
Hepatology
Inflammatory Bowel Disease
Transplantation Gastroenterology

General Internal Medicine

Academic General Internal Medicine
Advanced Training in Hospital Medicine
Ambulatory Care
Chief Residency (more information: <http://www.ecfm.org/evsp/crememo.pdf>)
Clinical Education
Clinical Epidemiology
Clinical Pharmacology
Consultation Medicine in Pregnancy
Evidence-Based Medicine
Genetics in Internal Medicine
Geographic Medicine
Health Services (Outcome) Research
Primary Care Medicine
Psychosocial Medicine

Geriatric Medicine

Advanced Geriatric Medicine (Academic/Research Track)
Dementia
Geriatric Neurology
Osteoporosis
Rehabilitation Geriatrics

Hematology and Oncology

Advanced Hematology and Oncology (Academic/Research Track)
Blood and Marrow Transplantation
Bone Marrow Transplantation
Cancer Genetics
Coagulation Medicine
Genito-Urinary Oncology
Geriatric Hematology & Oncology
Interdisciplinary Breast Cancer
Investigational Cancer Therapeutics
Leukemia
Oncology in Gastroenterology
Oncology in Pulmonary Medicine
Sickle Cell Disease
Stem Cell Replacement
Transplantation Hematology – Oncology

Hospice and Palliative Medicine

Advanced Hospice and Palliative Medicine (Academic/Research Track)

Infectious Diseases

Advanced Infectious Diseases (Academic/Research Track)

Clinical Epidemiology
Geriatric Infectious Diseases
HIV and AIDS
Immunotherapy
Transplantation Infectious Disease
Tuberculosis and Pulmonary Infections

Nephrology

Advanced Nephrology (Academic/Research Track)
Geriatric Nephrology
Hypertension Nephrology
Interventional Nephrology
Renal Imaging
Renal Genetics
Transplantation Nephrology

Pulmonary Disease and Critical Care Medicine

Advanced Pulmonary Disease and Critical Care Medicine (Academic Research Track)
Genetic Pulmonary Disease
Geriatric Pulmonary Disease
Heart-Lung Transplantation
Interventional Pulmonology
Lung Transplantation
Neurocritical Care and Stroke
Pulmonary Vascular Disease
Vascular Medicine

Rheumatology

Advanced Rheumatology (Academic/Research Track)
Genetic Musculoskeletal Disease
Geriatric Rheumatology
Inflammatory Muscle Disease
Rheumatology/Allergy and Immunology
Spinal Disease
Systemic Lupus Erythematosus

Sleep Medicine

Advanced Sleep Medicine (Academic/Research Track)
