

Maintenance of Certification Learning Sessions

PARTICIPANT INFORMATION

Each Maintenance of Certification (MOC) Learning Session provides you with a collaborative environment to complete an ABIM Medical Knowledge module and earn MOC points. Led by ABIM Board Certified physicians, this interactive session allows you to work with your colleagues to develop answers to module questions.

ABIM Board Certified physicians should submit their answers to ABIM for 10 MOC points and also claim CME credit once the Learning Session is completed.

Frequently Asked Questions

Do I have to complete an online module in one sitting?

- No. A module can be completed in more than one session. Your answers are automatically saved as you work. Use the yellow “Exit” button to close out of the module. You can access the module from your Physician Portal at a later time.

How long will it take for me to receive MOC points for the modules completed at the Learning Session?

- You will receive MOC points immediately on your My Activities page once you submit your completed module to ABIM.

Do I also receive CME credit from the host organization for completing an ABIM Learning Session?

- It depends. Some host organizations will grant CME credit for participation in a Learning Session. CME credit should be claimed either from the host organization after attending the session or from ABIM after electronically submitting the module for scoring, **but not both**. If you receive CME credit from the host, **do not claim CME credit from ABIM**. Please check with the host organization for more information.
