

How to Award QI in GME MOC Points for the **CURRENT YEAR**

The **deadline to attest for the current academic year is June 30**. For Program Administrators, you can use the template “Job Aid: Email to PDs about current year faculty” to confirm the faculty list with your Program Director.

1. Sign in to FasTrack. If you have trouble signing in, please reach out to tracking@abim.org for assistance.

2. Select the “MOC for QI” link in the top right-hand corner of the page.

3. Enter ABIM IDs to award 20 MOC points.

- If your program submitted faculty in FasTrack in the previous academic year, **select Populate List** to add all faculty members who were submitted for the previous year. Remove anyone who will not be receiving MOC points this year.

- Click **Add** to add additional faculty members. To find a physician's ABIM ID, go to [Verify Physician Status](#).

- Look up faculty ABIM IDs using the [Check a Physician's Certification](#) tool on ABIM.org.

4. Once the list is correct, **Submit** the form. If you don't submit, the form will not process and MOC points will not be awarded. Points are generally awarded within 3 business days.

- If you need to add additional faculty members to the current academic year after you have submitted, you can add additional faculty members, and submit the form again. Previously added faculty members will not receive duplicate points.
- If anyone was added and submitted in error, please email mocpd@abim.org so we can remove the points awarded in error.

5. **Notify faculty** members that they are receiving MOC points. You can use “Job Aid: Sample Email to faculty to confirm receipt of MOC points” template to email them.
