

How to Award QI in GME MOC Points **RETROACTIVELY** for **PREVIOUS YEARS**

Retroactive credit is available for up to the previous four (4) academic years.

1. Fill out the first 4 columns of the attached template and mark the years faculty members participated in QI in the GME program.
 - If you want to review previous FasTrack submissions, directions are below. There is no risk if your submission is a duplicate request previously submitted. If you submit faculty members for years that they already received points, they will not receive duplicate points.
 - To find a physician's ABIM ID, go to [Verify Physician Status](#).
2. **Confirm with your Program Director.** You can use the template "Job Aid: Sample Email to PDs about Previous-Year Faculty" to email.
3. **Email the completed template** to mocpd@abim.org with the Program Director copied on the email.
4. When you have received confirmation from ABIM, **notify faculty members** that they are receiving MOC points. You can use the "Job Aid: Sample Email to faculty to confirm receipt of MOC points" template to email them. Points are generally awarded within 3 business days.

If you want to review previous submissions:

1. **Sign in to FasTrack** using your ABIM credentials. If you have trouble signing in, please reach out to tracking@abim.org for assistance.
3. **Select the previous year in the drop down** to review the submission.

2. Select the "MOC for QI" link in the top right-hand corner of the page.

MOC for QI 2025: July 2025 through June 2026

Only names that indicate "Submitted" next to them have been submitted and received by ABIM. If "Delete" appears next to the names, those names were never submitted and ABIM has not received it.
